

An elderly woman with short, wavy white hair and glasses is shown from the chest up. She is wearing a light pink, long-sleeved button-down shirt and a dark floral patterned skirt. She is holding a clear glass filled with water in her right hand, and inside the glass, a pair of pink dentures is visible. Her left hand is raised to her mouth, covering it with her fingers. She has a ring on her left ring finger and a watch on her left wrist. A gold chain necklace with a circular pendant is visible around her neck. In the top left corner, there is a light green speech bubble containing text and two musical notes. The background is a solid light blue color.

You're never fully
dressed without a
smile.

BE A SMART MOUTH

- Teeth are meant to last a lifetime. Colorado seniors are keeping their natural teeth and smiles longer.
- Many prescription medicines may cause dry mouth as a side effect, which increases the risk for tooth decay.
- Fluoride is not just for children. Brush twice daily with fluoride toothpaste for an ageless smile.

Good health starts with a smart mouth.
